

dPlat Accredited Partner Program

Why Does Accreditation Matter?

Accreditation serves as an external validation of a collection vendor's expertise and commitment to excellence. Clients choosing an accredited partner, experience peace of mind, enhanced operational efficiency, and ultimately, a successful partnership.

Benefits Of Accreditation

Compliance

Accreditation validates that your company meets required dPlat integration and security standards.

Risk Management

Identify and address any gaps in operational processes as they relate to the use of dPlat, minimizing the potential risks.

Client Satisfaction

Accreditation reassures clients that your company is committed to constant improvement.

Competitive Edge

Differentiate your company competitive edge in the account receivables management history.
